

## WESTERLY

Merrill post, No. 16, American Legion, held its May meeting Tuesday evening in the Channing hall. The post voted to turn out in uniform on Memorial Day, and to act as an escort to the G. A. R. in the parade which will start at 10 o'clock in the morning. Further plans for the day's activities were left in the hands of a committee of 10 which was appointed by Commander George Chapman. The committee is composed of H. Russell Burdick, James A. Donohue, Ernest Young, Charles Moore, Abial B. Brown, Robert Freestone, Lewis R. Greene, John Brophy, Daniel Larkin and Edward J. Butler.

Westerly High and Wheeler school teams will play at Westerly this (Thursday) afternoon in the second inter-school basketball game of the season. Although the local team is confident of turning in its first victory, the Wheeler boys have the best team they have boasted in years and promise to put up a good fight for the decision. The game should provide some good promise for the Westerly team in preparation for the game with Norwich Free Academy next Tuesday. The batteries will be Mains and Stenhouse for Westerly and Landis and Landis for Wheeler.

The sixth and last in the series of walks which have been successfully conducted by the Children of Mary society of St. Michael's church was held Tuesday evening in the community hall. Over 200 were present, and the fund for the new hall was increased appreciably. It is expected that the regular work will be started at an early date. As at the previous walks, musical selections were rendered during the walk, playing, and refreshments were served.

## 80 Years Old - Was Sick

Now Feels Young After Taking Eatinic for Sour Stomach

"I had sour stomach ever since I had the grip and it bothered me badly. Have taken Eatinic only a week and am much better. Am 80 years old," says Mrs. John Hill.

Eatinic quickly relieves sour stomach, indigestion, heartburn, bloating and distress after eating because it takes up and carries out the excess acidity and gases which cause most stomach ailments. It never hurts and everything, and still suffer, do not give up hope. Eatinic has brought relief to tens of thousands like you. A big box costs but a trifle with your druggist's guarantee.

## What One Doctor Says

Dr. M. C. Lyons says: "After careful investigation I heartily recommend it (Rheum) for all forms of rheumatism." Lee & Osgood sells and guarantees it. Use of one bottle will convince you why this well-known doctor praises it so highly.

The NEW LIGHT-SIX now holds the five most important automobile road records on the Pacific Coast, a remarkable feature being that all the honors were won by the same car, a stock touring car, within ten weeks

- Yosemite National Park.** A Studebaker LIGHT-SIX, piloted by Hart L. Weaver and carrying a crew of five men from the Chester N. Weaver Company, was the first automobile to reach the Yosemite National Park over any one of the three snow covered roads under its own power this year. The car went over the narrow and dangerous Coulterville road, bucking snow as deep as ten feet in some places, arriving in Yosemite Valley, January 16.
- Round Trip Record Between San Francisco and Los Angeles.** On February 2 the same car, driven by Hart L. Weaver and James F. Gurley of the Chester N. Weaver Company, established a new round trip record between San Francisco and Los Angeles, a distance of 864.8 miles, in the sensational time of 21 hours and 23 minutes.
- Coast Route Record from San Francisco to Los Angeles.** On the round trip record of February 2 the Studebaker LIGHT-SIX lowered the coast route record from San Francisco to Los Angeles by 2 hours, 35 minutes and 20 seconds. The former record was 12 hours, 47 minutes and 50 seconds, the time of the Studebaker LIGHT-SIX being 10 hours, 12 minutes and 30 seconds for the distance of 453.7 miles. The pilots were Hart L. Weaver and James F. Gurley.
- Valley Route Record Between Los Angeles and San Francisco.** On February 24 the Studebaker LIGHT-SIX smashed the valley route record between Los Angeles and San Francisco, running the distance of 411.1 miles in the remarkable time of 9 hours, 15 minutes and 50 seconds. This record was made all the more remarkable on account of the car having to go through a dense fog a distance of more than 100 miles between Tulare and Merced. The pilots were Hart L. Weaver and James F. Gurley.

- Los Angeles—Phoenix Record.** On the morning of March 23 the LIGHT-SIX left Los Angeles in an attempt to lower the fifth and only remaining record of consequence on the Pacific Coast. The 422 miles of desert trail from Los Angeles to Phoenix were made in 13 hours 16 minutes, and 2 hours 28 minutes were taken from the best previous automobile record. The railroad time is 14 hours 20 minutes, or 1 hour 4 minutes slower than the record established by the LIGHT-SIX.
- Hart L. Weaver of the Chester N. Weaver Company, Studebaker Distributors in San Francisco, made the following statement after the completion of the Los Angeles-Phoenix run:
- "These tests have demonstrated on the road everything that Studebaker engineers have claimed for the new LIGHT-SIX-cylinder car. When it is remembered that the bore and stroke of this car is only 3 1/2 x 4 1/2, giving it a piston displacement of 207 cubic inches, and that the car fully equipped only weighs 2500 pounds, these records are all the more remarkable since most of them were formerly held by heavier cars costing much more than the Studebaker LIGHT-SIX. I am inclined to believe that the secret of this car's wonderful performance, and roadability is due in a very large measure to its remarkable balance. Halved or quartered the parts of the new LIGHT-SIX would weigh approximately the same.
- "In making the Los Angeles-Phoenix record I am frank to confess that despite my faith in the stamina of Studebaker automobiles I could not believe that any car could make the speed over that desert road with its ruts and chuck holes that was necessary in order to lower the record by a large margin without falling to pieces. Any automobile, irrespective of weight, power or price class that can lower the record established by the Studebaker LIGHT-SIX will have my most sincere admiration."
